

Invitation to our

Speed Mentoring Workshop

"How do you....?"

"What do you do when....?"

"Can you give me some advice on....?"

We Home Eccies have a huge pool of knowledge and experience to share.

Networking is what we all enjoy at conferences, so on this occasion we have planned a workshop to do just that!

HEIA SA invites students, new and experienced teachers to join us over refreshments for informal discussion and networking

Where: Education Development Centre, Milner St , Hindmarsh

When: Friday August 6th 4.30 until 7.30 pm

(and possibly join a group going on to dinner somewhere afterwards??)

Cost: Free to all participants

During the workshop, experienced teachers will share ideas and strategies for managing a range of practical every day matters around Home Economics facilities and classes.

Beginning teachers can bring along questions and requests to ask their more experienced colleagues. Rotating discussion groups will be given a variety of themes to consider.

Participants will be able to develop and expand their support networks

Please join this special group of people to help strengthen our profession.

Travel reimbursement available for those travelling from outside of the metropolitan area on presentation of appropriate receipts

This workshop has been funded by a grant from CEASA

RSVP by **Wed 4th August** to **Julie Taylor** Email: rmtaylor@adam.com.au

Ph : 82704455

Fax: 83705819

Please note that by attending this function you are permitting any photos that may include you, to be utilised on any HEIA publication – including websites, unless otherwise stated by you for each function you attend.
